COLORIS	Unis, vigoureux (Nm 2/28), mélanges, FLUO.

NORME DI LAVAGGIO:

AVVERTENZE IMPORTANTI | IMPORTANT NOTICE | WICHTIGE ANMERKUNG | AVERTISSEMENT IMPORTANT:

- IT** → I vari punti maglia condizionano il rientro al lavaggio. Si raccomanda di effettuare una prova di lavaggio e di stiro su capo pilota prima di passare alla produzione industriale. Comunicare, al momento dell'ordine, l'eventuale utilizzo in rigatura.
- EN** → Shrinking after washing depends on the kind of stitch used. We recommend to make the washing and ironing tests with a prototype garment before entering bulk production. When placing your orders, please inform us if the yarn is used for knitting in stripes.
- DE** → Das Eingehen nach Waschen haengt von der Maschenart ab. Es wird eine Schrumpfkontrolle beim Waschen und Buegeln einer Prototyp-Masche vor der Produktion empfohlen. Bei der Gelegenheit Auftragserteilung woollen Sie uns bitte immer Bescheid geben wenn das Garn auch in Streifen verstrickt wird.
- FR** → Les différents points maille conditionnent le retrécissement au lavage. On conseille d'effectuer le contrôle du retrécissement au moyen d'un essai lavage-repassage dans un échantillon prototype en maille avant de lancer la production industrielle. À l'occasion de la transmission de votre commande, veuillez nous prévenir si le fil est tricoté en rayures.
